

The Blackstone Farm Report - June / July 2010

Who am I?

I wanted to start this report by saying that we have some great new horse and rider combinations. They are:

Caroline Delehanty and Lorando, Nicholas Wells and Vivaldi and Taylor Magnuson and Nick. Congratulations to everyone on your new horses and welcome Taylor!

On a sad note, Nick and Vanessa lost their wonderful mare Kim Malika in July. She will be sorely missed, R.I.P. Kimi.

Spruce Meadows Skyliner - June 23-27(Congratulations to Peri and Sammy Steiny on making the Nor Cal Team!)

Cool Boy, La Dolce Vita and Comena - All 3 horses clean on Prix de Nations day. Way to go guys, you were the best on your respective teams!

Comena and Lindsay Corley - Lindsay and Comena were really superstars at Spruce. This pair jumped the whole show and never had a rail. That was really incredible and they had quite good results because of it:

Cool Boy and Peri Steiny - Peri really turned things around at this show earning top placings in the Children's jumpers.

Paint Misbehavin' - June Bug was a jack of all trades at this show. He did the Pre-Green Hunters(adorable), the 3' equitation and medals with Nick(a couple or 3 places in big classes), the Adult Amateur hunters with Vanessa(good placings in a very competitive division) and the .85 jumpers. I think he is really liking the hunters and is so cute doing it.
